§ 1410.42

authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhance water quality, wildlife habitat, or increase protection of public wellheads; and

(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant's actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount that, when added to such assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan. CCC may allow cost-share payments for maintenance costs, consistent with the provisions of § 1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

(c) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State or a private organization in return for enrolling lands in CRP. However, as provided under § 1410.40(f), a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as

(b) Annual rental payments, except for land accepted that was formerly enrolled under the WBP, include a payment based on a weighted average soil rental rate or marginal pastureland rental rate, as appropriate, and an incentive payment as a portion of the annual payment of certain practices, as determined by the Deputy Administrator. Payments for land accepted that was formerly enrolled under the WBP are limited to annual rental payments received under the WBP.

(c) The annual rental payment shall be divided among the participants on a single contract as agreed to in such contract.

The regulations set forth at part 1400 of this chapter shall be applicable in making eligibility and "person" determinations as they apply to payment limitations under this part.

(e) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be prorated based on the actual days of ownership of the property by each party.

(f) CCC shall, when appropriate, prepare a schedule for each county that shows the maximum soil rental rate
